

Pioche Weekly Record

THURSDAY AUG 25, 1898.

PUBLISHED EVERY TUESDAY BY

Record Publishing Company,

OFFICE: MARION BUILDING,
LAUREL STREET.

TERMS:
Subscription, One Year, by Mail, \$4.00
Six Months, " " " " " 2.00

Advertising rates furnished upon application at
this office.
Entered at the Postoffice at Pioche, Nevada, as
second-class matter.
Communications are solicited, but the paper will
not be responsible for the opinions of its corre-
spondents.

Delivered by Carrier at 50 cents per
Month.

LOCAL AND OTHERWISE.

Pineapples are coming in. The
crop is said to be fairly good this
year.

O. G. Snow was a north bound
passenger from DeLamar on Tues-
day's stage.

Prof. D. L. Bathurst will arrive in
Pioche on the 10th., and will open
school on the 12th.

Billy Bell has gone to Camp Val-
ley in the employ of C. L. Hyde for
the fall and winter.

Dr. Campbell went to Panaca on
Sunday on the second of his regular
weekly trips to that place.

The tax list this year contains
1288 names. The Assessor's Office
is busily engaged mailing the lists
to the various parties assessed.

The railroad's going to be longer
in reaching us than was at first
expected but it will nevertheless be
welcome when it does arrive.

General Manager H. A. Cohen of
the DeLamar Company made a fly-
ing visit to the camp last week
and returned north on Monday
morning.

The trustees are making several
needed repairs around the school-
house building. It will be put in
good shape for the opening on Sep-
tember 12th.

A nice gas, or coal oil lamp has
been placed immediately in front of
the court house door. It will be a
blessing on dark nights and light
up those \$500. steps.

The market has been well suppli-
ed with good fruit of late. The
variety is not great on account of
late frosts however.

Assessor Freudenthal and J. H.
Edney went out to the Wilson Creek
Mountains on Friday after game.
They bagged a score of grouse but
failed to see any deer.

An appeal has been taken in the
case of J. Delmure vs. Dan Ross
tried at Deer Lodge on the 3rd. inst.
It will be tried at the December
sitting of the District Court.

Monday was payday for the lessees
of the Nevada Mining Co. Full
pay at the rate of \$3.00 per man
was made for the work done in July.
The ore taken out, and concen-
trates shipped so far this month have
been good and no doubt this month
will be paid up at full rates also.

There is money in the sheep busi-
ness these days. Where two years
ago wool sold for six cents, it now
sells for fifteen, and where wethers
sold at 1.50 a head two years ago,
they now bring from \$3.00 up.
Well, it only evens things up, for
the three years back of that were all
losing ones.

No additional men have been put
on at the Ross mine at Deer Lodge
lately, but the boilers and other
machinery for the mill are on the
road from Milford and this looks as
though the enterprise is to be push-
ed ahead. According to last report
Dr. Nelson was to have been at the
mine with a working force by the
10th. inst.

Isn't it about time local political
rumblings took form in open an-
nouncements from some of the coun-
ty candidates. Dark horses don't
always win and the best way for an
aspirant to do at this season of the
political game is to get his name
before the voters of the county in a
brief statement of what he wants at
their hands. The best medium we
know of is the Record, for it circu-
lates in every quarter of the county.

The boy whose arm Dr. Campbell
was called upon to set at Hebron
last week proved to be a little chap
of eight years who suffered the break-
ing of the elbow joint through being
thrown from a horse. The injury
occurred several days before the
Dr. was called and a local healer
was called to set it. He made a
poor job of it and it is yet a ques-
tion whether or not the little fellow
will lose the injured member. He
is the child of O. V. Huntsman and
his father brought him to Panaca
on Saturday where he will be more
easily within reach of the Doctor.

THE L. C. W. S. & I. CO.

Water Company Incorporated Under
the Laws of Nevada and Getting
Down to Business.

The Lincoln County Water Stor-
age and Improvement Company, is
the name of the new organization
which proposes to reservoir the
water flowing down the upper part
of Condor Canyon and of which re-
cent mention has been made in this
paper.

It is organized on a capacity of
\$25,000.00, dividend into 5000
shares of the par value of \$5.00
each.

Of this amount 1000 shares will be
reserved as treasury stock subject to
such future disposition as the op-
erations of the company justify.

It is believed that the site affords
capacity for water to reclaim at
least 4000 acres of land, and possi-
bly more. This quality will form
the base of calculations for the pres-
ent.

It is intended to extend the bene-
fits to as many individuals as pos-
sible, and to that end 40 share sub-
scriptions predominate in the call.
The shares will be divided at the
rate of one share to each acre of
land.

The articles of Incorporation now
on file with the County Clerk show
the following subscribers, and the
list is still growing:

Joe Delmure takes 200 shares in
payment of his land right to the
reservoir site. Wm. Atchison and
Bros take 100 shares. Each of the
following take 40 shares, viz: Geo.
L. Edwards, F. C. Walker, Geo. K.
Riding, E. R. Phillips, Levi Syphus,
Gus Bland, John Edwards, A. H.
Wedge, S. C. Calloway, F. C. Lee,
Phil Mathews, Hose Edwards, Ed.
Gentry, A. O. Lee, Dan Mathews,
D. I. Findlay and C. C. Rannow,
while the 20 share subscribers are
N. J. and Geo. Wadsworth, Lon.
Nelson, and W. H. Edwards.

The whole stock will be subscrib-
ed for from Panaca alone if neces-
sary.

The first list of trustees are Levi
Syphus, E. R. Phillips, Wm. S.
Atchison, Geo. L. Edwards, and
Philip Mathews.

There is some preliminary work
to do but from present appearances
dirt will begin to fly about the 1st
of October.

The site selected is an ideal one.
It is at the narrows immediately
above the house of Joe Delmure's
Round Valley ranch, and a wall
sixty to seventy feet long and thirty
feet high will dam back the water
for two miles in length by about a
mile and a half in width.

The enterprise starts out with
every assurance of success and it
promises to do more for the materi-
al advancement of the county than
the best mine ever found in it.

Silver Party Delegates.

The mass meeting called for last
Saturday evening at the court house
to select three delegates from this
precinct to attend the Silver Party
State Convention which meets at
Reno on Sept. 8th. was not very
largely attended. It afforded a fair
means however for Silver Party ad-
herents to satisfy their preferences.

No particular amount of election-
eering has been done herabouts by
prospective State candidates how-
ever, so there were no factions at
work and no particular end to be
attained.

Hon. Geo. S. Sawyer was select-
ed chairman, and H. E. Freudenthal
Secretary of the meeting.

Benj. Sanders suggested that it
would be well to elect those who
could, or would attend personally,
as it was desirable not to have a
proxy representation.

T. J. Osborne, A. S. Thompson
and H. E. Freudenthal were select-
ed as the delegates.

Mr. Osborne left on Wednesday's
stage. He will go to California and
will attend the convention on his
way home.

This opens the ball and the next
arrangement will be for a county
convention and the election of dele-
gates to attend it.

Weather Report.

The weather report issued from
the Carson office on the 16th. inst.
for the week ending August 9th.
says of Lincoln County:

North portion temperature ranged
from 51 to 105; light showers. Sec-
ond crop of alfalfa going up rapidly;
prospect of light to fair crop. Grain
all out. Corn and gardens doing
well.

South portion (August 9.) Tem-
perature ranged from 70 to 125;
light showers. Late crops look
well. Grapes badly sun scalded at
Riverville. Cattle in good condition.
Water rising in Virginia river.

The relief society of Panaca will
give a Picnic at Eagle Valley today.
It is for the purpose of raising the
Ladies of that place enrolled on the
list.

Ed Donohue who was caught in a
cave in the DeLamar Mine a few days
ago, arrived in Pioche, on Wednes-
day morning's stage.

Geo. Nesbitt and daughter Annie
are up from DeLamar.

For County Assessor.

Herman E. Freudenthal announ-
ces himself in this week's issue of
the Record as a candidate for re-
election to the office of Assessor.

He makes his announcement sub-
ject to the determination of the Sil-
ver Party County Convention.

Under the vote cast in this county
in 1896 the offices of Sheriff and
Assessor will be separated, as many
believe they should always have
been, a separate incumbent for each
will be voted for in November.

Mr. Freudenthal has now filled
the office for two terms and has
given very general satisfaction. The
work of this office embraces a mass
of detail which is surprising to one
who has never given it attention.
The system of checking through the
State Land Office, in order to
insure that every land claimant
shall be listed, is largely responsible
for it, but Mr. Freudenthal has sys-
tematized the work and an inspec-
tion of his books and office will con-
vince any average man that he
understands his work and that the
best interests of the county will
be subserved by keeping him at
his present post.

We do not know what other pos-
sible aspirants there may be for this
office, but feel no hesitancy in say-
ing that the present incumbent is
well deserving of recognition and of
re-election to it.

NEWLANDS FOR RE-ELECTION.

There has been more or less talk
of late to the effect that Congress-
man Newlands intended to contest
with Senator Stewart for election to
the Senate. This matter is set at
rest now by an official statement
through the Reno Journal which says:

The Journal is authorized to say
that Congressman Newlands publicly
declared on the streets of Reno that
under no circumstances would he
cross swords with Senator Stewart
for the Senate and it would be a
calamity to the State and the
nation to defeat Senator Stewart at
the present time, as he is recogniz-
ed as a leader by the advocates of
bimetallism throughout the coun-
try.

Mr. Newland's own chances of re-
election are good for he has been a
careful and earnest representative
and has made a particularly good
record for himself during the last
session.

The Mining and Scientific Press
says: "James G. Fair was probably
as good a miner as was ever on the
Comstock. Twenty years ago he
said he had prospected Hale & Nor-
cross, and had swept the walls with
a broom, yet, afterward, Superin-
tendent Keating struck a body of
ore within five feet of one of Fair's
prospecting upraises, from which
ore to the value of over \$4,000,000
was taken. No one is infallible, and
the men who now scout the idea of
unwearing the Comstock levels are
particularly fallible."

A Kansas farmer who could not
get harvest hands, put this sign on
the fence: "Harvest hands wanted;
hired girl blonde; genial; cabinet
organ music in the evening; pie
three times a day; three spoonfuls
of sugar with every cup of coffee;
hammocks, feather beds or leather,
divans, at your option, for sleeping;
rising hour, 9 o'clock in the morn-
ing; three hours' rest at noon; come
one, come all."

Everybody Says So.

Cascarets Candy Cathartic, the
most wonderful medical discovery
of the age, pleasant and refreshing
to the taste, acts gently and positively
on kidneys, liver and bowels, cleans-
ing the entire system, dispels cold-
cure headache, fever, habitual con-
stipation and biliousness. Please
buy and try a box of C. C. C. to-day
10, 25, 50 cents. Sold and guaran-
teed to cure by all druggists.

Give the average boy a doughnut
to divide with another boy, and the
other boy will get the hole; Give
him a dose of corrective medicine to
divide with another boy, and the
other boy will get the whole.

A Comstocker writing from Daw-
son says every inhabitant of the town
possesses a six shooter and on the
Fourth of July the entire day and
night was spent in discharging them.

Governor Sadler has come out
with his official announcement in
the Eureka Sentinel that he is a
candidate for the nomination of
Governor before the Silver conven-
tion.

Miss Lancaster was an outgoing
passenger on the Milford Stage this
morning. She has been visiting her
friend, Miss Maud Lee in Panaca
for the last few days.

Captain Sigbee, of the ill-fated
Maine, has been ordered to relieve
Captain Clark of the Oregon, who is
ill and has been granted a furlough.

Carson's assessor's list shows
ninety widows on the roll of that
city. Out of this number 22 own
more than \$1000 worth of property.

E. D. Kelly, Governor Sadler's
private secretary has resigned. He is
a candidate for Secretary of State on
the Silver Party ticket

UTAH AND PACIFIC.

Name By Which the Milford Southern
Extension is Incorporated-- Work
to Soon Begin.

The Tribune of the 20th. inst.
says of the new railroad.

The name of the railroad is the
Utah and Pacific. Its officers and di-
rectors, who will also be the incor-
porators, are A. W. McCune of Salt
Lake, president; David Eccles of
Ogden, vice-president; and William
L. Hoge of Anaconda, Mont, secre-
tary; Charles W. Nibley of Baker
City, Or., treasurer; Joseph F. Smith
Richard Mackintosh of Salt Lake;
Thomas D. Dee of Ogden and Bob-
ert C. Lund of St. George. The
incorporation covers a line of rail-
road from Milford to the Utah and
Nevada Stateline, at a point twenty-
five miles from Milford.

It will be capitalized and bonded
at the rate of \$20,000 per mile, or
\$1,500,000, to be divided into \$825,
000 stock and \$675,000 per cent
twenty year gold bonds. For the
purpose of incorporation, stock has
already been subscribed for to the
amount of \$75,000, or at the rate of
\$1000 a mile, and 10 per cent of this,
or \$7500 was yesterday paid to the
treasurer. The stock is to be
equally divided between the two in-
terests that build the road, one-
half going to Mr. McCune and his
partners, and the other half to Mr.
Eccles and his partners, and in the
same proportion each side will fur-
nish an equal amount of money for
construction purposes. This same
division will be carried out in the
financial arrangements of the com-
pany.

Simultaneously there have been
drawn up and signed ready for fil-
ing articles of incorporation of the
Utah Construction company, which
will be capitalized at \$100,000, fully
subscribed for, and of which 10 per
cent was yesterday paid into the
hands of the treasurer. The com-
pany is similar to other construction
companies now quite a feature of
railroad building. It will have
charge of and handle all contract
work for the Utah & Pacific
company. Its incorporators and
officers will be Robert S. Campbell,
president; Walter P. Read, vice-
president; H. S. Young, secretary;
Joseph S. Wells, treasurer, and F.
Dewey Richards.

The incorporation for the railroad
covers only the construction of a line
to the boundary of Utah and Neva-
da, but the incorporators, one and
all, are of the expressed opinion that
the road will not stop there, but
continue to California.

Their purpose at present is to con-
struct the first stretch across the
desert, and this they say will be
built and in operation within nine
months, although the contract
allows them until August 16, 1899,
in which to complete the work.
This contract with the Oregon Short
Line was signed by David Eccles,
C. W. Nibley, A. W. McCune and
William L. Hoge for the Utah &
Pacific, who are the leading spirits
and the financial backers of the en-
terprise. The first two named have
been at work on the project for over
a year, and the latter two took an
interest in the matter over two
months ago since when there has
been left nothing undone to push
the project to a successful termina-
tion, which may be taken as being
assured in the completion of all de-
tails of organization.

It has been expected for some
days that the office of the president
would be given A. W. McCune of
this city, who, by his preserving
work in behalf of the road, so thor-
oughly deserved the honor. With
such men as the three other officers
associated with him, the greatest
faith can be placed in the ability of
the company to carry out all its
plans.

The road having been properly
organized and officered, the next
question of importance will be the
active work. As stated, the mills
in Oregon began to cut ties some
days ago and are now turning out
ties at the rate of 1500 a day (3000
being required for each mile), and
in another fortnight there will be
enough on hand to start work and
keep the laborers supplied.

One of the engines to be used has
just been fully repaired by the Ore-
gon Short Line and others will be
ready in thirty days. It is expected
that the Oregon Short Line will
commence to load ties and rails for
delivering to Milford by September
15th, when the work of laying the
track will commence and be kept up
until bad weather puts a stop to
construction work. From that
date to December 25th, forty-five
miles could easily be completed.
This would make the terminus Sul-
phur Springs.

The company by its president, A.
W. McCune, is advertising for Utah
ties and for bids for tracklaying
from Milford to Stateline. The
company will pay 50 cents each for
Utah cedar and red pine sawed or
hewn ties, delivered in lots of 500
or more, on the grade between Mil-
ford and Stateline, at Milford station
at Sulphur Springs and at Desert.
The company can secure all the ties
needed from the Oregon mills, but
it wishes to give the people of the

southern counties an opportunity to
supply part of the ties, thereby giv-
ing direct benefits to the timber-cut-
ters of the south.

The company also invites bids for
the laying of the track from Milford
to Stateline. The bids must be sent
to the office of the company in Salt
Lake sealed, and prior to September
5, 1898, the company reserving the
right to reject any and all bids.

District Attorney F. R. McNamee
is in town looking after the business
of his office.

NEW TO-DAY.

H. E. FREUDENTHAL

Heretofore known as a candidate for
election to the office of
ASSESSOR.
of Lincoln County.
Subject to the decision of the Silver Party County
Convention.

Notice for Publication.

LAND OFFICE AT CARSON CITY, NEVADA.

NOTICE IS HEREBY GIVEN THAT THE fol-
lowing named settler has filed notice of his in-
tention to make final proof in support of his claim,
and that said proof will be made before County
Clerk of Lincoln County at Pioche Nevada, on
Saturday August 13, 1898, viz: Charles Culverwell,
Homestead Application No. 287 for the E 1/4 of N.
W. 1/4 and N. 1/4 of S. W. 1/4 Sec. 2 T. 4 S. R. 67 E.
M. D. M.
He names the following witnesses to prove his
continuous residence upon, and cultivation of,
said land, viz:
James Ryan, of Kershaw Nevada.
Joseph Gouway, of Kershaw Nevada.
Samuel Kershaw, of Kershaw Nevada.
Isaac Barton, of Yocaman Nevada.
O. H. Gallup, Register.

NOTICE.

TO WHOM IT MAY CONCERN:

STATE LAND OFFICE,
CARSON CITY, MARCH 31, 1898.

NOTICE IS HEREBY GIVEN THAT THE STATE
of Nevada under the Act of Congress approved
June 16, 1896 (21 Stat. 387), has filed in the Unit-
ed States Land Office at Carson City, Nevada, List
No. 215 of land selected under said Act, and has
applied for a patent for said land; that a part of
said list is open to the public for inspection, and a
copy thereof, by descriptive subdivisions, has been
posted in a convenient place in said United States
Land Office for the inspection of all persons
interested and the public generally.
Within the six days following the date of this
notice protests or contests against the claim of said
State of Nevada to any tract or sub-division de-
scribed in the list, on the ground that the same is
more valuable for mineral than agricultural pur-
poses, will be received and noted by the Register
and Receiver of the United States Land Office at
Carson City, Nevada, for report to the General
Land Office at Washington, D. C.
The following are the sub-divisions described, to
wit:
Lot 3 of S. W. 1/4, Sec. 19, T. 2 S. R. 65 E. M. D. B.
D. & M. 28.03 acres.

A. C. PRATT,
State Land Register of the State of Nevada.
Date of first insertion April 1, 1898.

Land Notice.

TO WHOM IT MAY CONCERN:

STATE LAND OFFICE,
CARSON CITY, NEVADA, Jan. 27th 1898

Notice is hereby given that the State of Nevada
under the Act of Congress approved June 16, 1896
(21 Stat. 387), has filed in the United States Land
Office at Carson City, Nevada, List No. 208 of land
selected under said Act, and has applied for a pa-
tent for said land; that a part of said list is open
to the public for inspection, and a copy thereof, by
descriptive sub-divisions, has been posted in a con-
venient place in said United States Land Office for
the inspection of all persons interested and the public
generally.
Within the next sixty days following the date of
this notice protests against the claim of said State
of Nevada to any tract or sub-division described in
the list, on the ground that the same is more val-
uable for mineral than agricultural purposes, will be
received and noted by the Register and Receiver of
the United States Land Office at Carson City, Neva-
da, for report to the General Land Office at Wash-
ington, D. C.
The following are the sub-divisions described, to
wit:
S. E. 1/4 of N. W. 1/4 and W. 1/4 of S. W. 1/4 Sec. 2,
T. 4 N. R. 61 E. M. D. B. & M. 120 acres.

A. C. PRATT,

The Scenic Route.

The traveler, tourist or business
man is wise when he selects the Rio
Grande Western Railway "Great
Salt Lake Route" for his route to
the East. It is the only trans-con-
tinental line passing directly through
Salt Lake City, and in addition to
the glimpse it affords of the Temple
City, the Great Salt Lake and the
picturesque Salt Lake and Utah
Valleys, it offers the choice of three
distinct routes through the moun-
tains and the most magnificent scenery
in the world. Double daily
train service and through Pullman
and Tourist sleeping cars to Denver,
Omaha and Chicago. Monday Tues-
day and Wednesday, of each week,
Pullman Tourist cars are run to
Boston via Chicago, without change.
Trains leave Salt Lake at 8.45 a. m.
and 7.40 p. m. daily.
For pamphlets descriptive of the
"Great Salt Lake Route," write F.
A. Wadleigh, General Passenger
Agent, Salt Lake City.

AN HONORABLE SURRENDER

If you surrender to our store and our
methods of sale, you only improve
your comfort—it's an honorable
surrender. It simply means buy-
ing your goods at the lowest possi-
ble prices—securing the qualities
that you prefer, but at prices that
it requires no effort to pay. Mak-
ing a test of the matter through
the midsummer and autumn months will
only convince you of the truth of our
assertion.
